The screenshot shows a mobile application interface. At the top, the status bar displays '10:01' and signal/battery icons. The app header is 'Enrolled Classes' with a settings gear icon. Below the header, a class card for 'ACCT 100 10am FA 2024' is visible, showing the instructor 'Taught by Mary Sasmaz', the time '10:00 - 11:15', the days 'Tue, Thu', and the semester '2024-08-26 - 2024-12-05'. A 'Not Enrolled' button is at the bottom right of the card. Overlaid on the screen is a white dialog box with rounded corners. The dialog contains the text: 'Create a password to secure your information. Save this password or you will not be able to retrieve your info.' Below this text are two input fields: 'Password' and 'Confirm Password'. Both fields contain six dots, indicating masked text. At the bottom of the dialog is a green link that says 'I've saved the password'. A red arrow points from the right side of the image towards this link.
